About us :

Where Legacy Meets Modern Craft

For over five decades, Kohinoor Ribbon has quietly shaped the way the world experiences garment trims and packaging — not just as components, but as brand-defining details.

What began as a humble label manufacturing unit has grown into a powerhouse of innovation, driven by curiosity, precision, and a refusal to stand still. We've spent 50 years mastering the fine balance between old-school craftsmanship and new-age technology — making us a trusted partner to brands across India and the globe.

Our Journey, At a Glance:

- A 50-year legacy rooted in trust and innovation
- In-house control over every stage of production
- Facilities that meet global standards, from dyeing and weaving to printing and finishing
- A team of skilled professionals aligned with evolving industry practices

From **woven labels and hangtags to embroidery patches, barcodes, drawcords, and packaging**, we offer end-to-end solutions tailored to reflect each brand's unique DNA. Our processes are backed by sustainability frameworks and equipped with advanced European machinery — all housed under one roof.

***At Kohinoor, we don't just manufacture trims —
We shape impressions. We create the unmissable.***

Sustainability at Kohinoor

Where Innovation Meets Responsibility

At Kohinoor Ribbon, sustainability isn't a trend — it's embedded in how we think, create, and grow. Every product we make, every process we follow, and every investment in technology reflects a deeper purpose: to do better — for our clients, for the industry, and for the planet.

What We Do:

- Use **recycled yarns, FSC-certified paper, and PET granules**
- Produce GRS-certified products that promote circular design
- Operate **in-house dyeing plants** — rare in our industry — allowing full control over eco-safe practices
- Run advanced **Effluent Treatment Plants (ETPs)** across facilities, eliminating contaminated discharge and exceeding ZDHC benchmarks

Sustainable Technology Meets Smart Craftsmanship:

We've combined **ultrasonic slitting, laser die-cutting, electronic jacquards, embossing, and Heidelberg tag presses** with **CAD/CAM design systems** — enabling fast sampling, less waste, and precise results.

Our motto: No production without perfection isn't just about quality — it's about doing things right, every step of the way.

Certified to Lead, Not Just Follow:

We are proudly certified by:

- **Global Organic Textile Standard (GOTS)**
- **Global Recycled Standard (GRS)**
- **Oeko-Tex Class 1**
- **Sedex**
- **Forest Stewardship Council (FSC)**
- **ISO 9000 and ISO 14000**

Each certification reflects a deeper commitment to ethical sourcing, responsible production, and global compliance.

Looking Ahead:

Our future goals include deeper community engagement, collaborations with sustainability-focused organisations, and alignment with emerging international benchmarks. We're not here just to meet standards — we aim to set them.

At Kohinoor, sustainability is a journey —

and we invite you to be part of a future where style and responsibility go hand in hand.

Woven Labels

Step into a world of unparalleled sophistication with Kohinoor's woven labels, meticulously crafted to reflect the artistry and precision that define your brand. We offer an array of **Sustainable** and **Organic** options, ensuring that every label aligns with our commitment to eco-conscious practices.

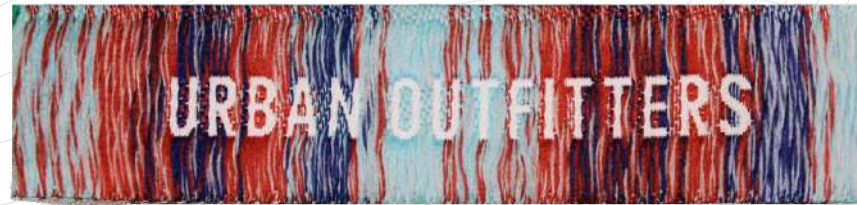

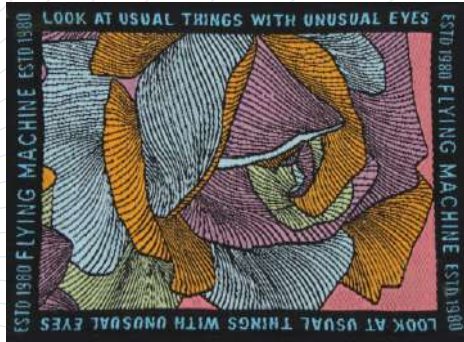

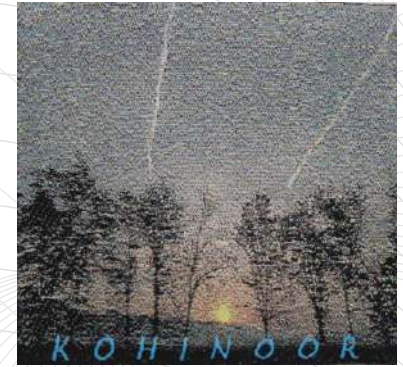

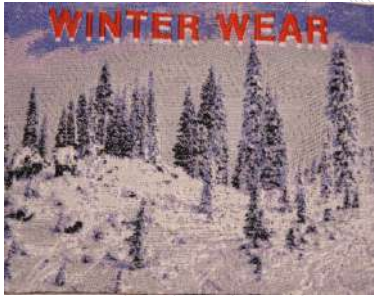

Our Broadloom Labels feature intricate designs brought to life using high-definition weaving techniques, capturing the essence of elegance. Meanwhile, our Needle Loom Labels deliver refined finesse, offering a luxurious touch that elevates your products.

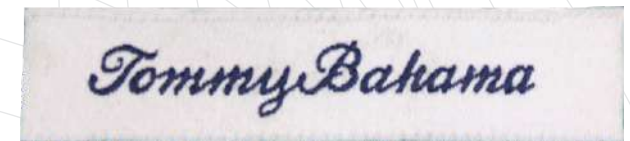

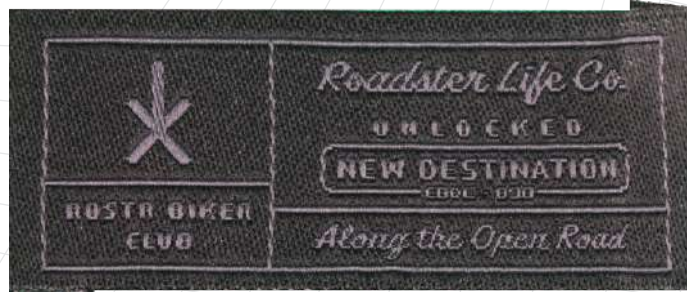

With a diverse selection of materials, including **Cotton, Polyester, Satin, High Definition (Damask), and Taffeta**, Kohinoor caters to your brand's unique identity. Our advanced HTHP yarn dyeing machines ensure perfect colour matching, while our robust production capacity of **4 million labels per day** guarantees timely delivery without compromising on quality.

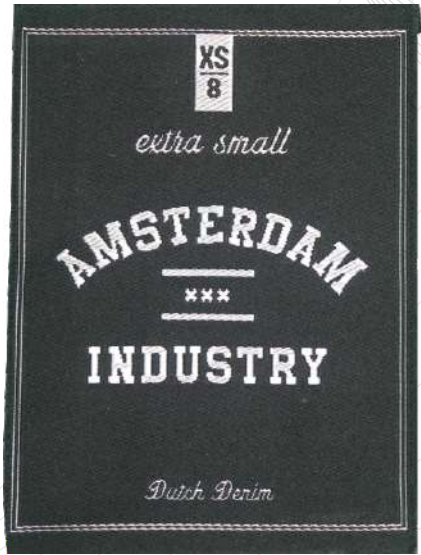

At Kohinoor, labels are more than fabric pieces—they are sustainable, sophisticated, and enduring symbols of your brand's excellence, leaving a lasting impression on your customers.

Hang Tags

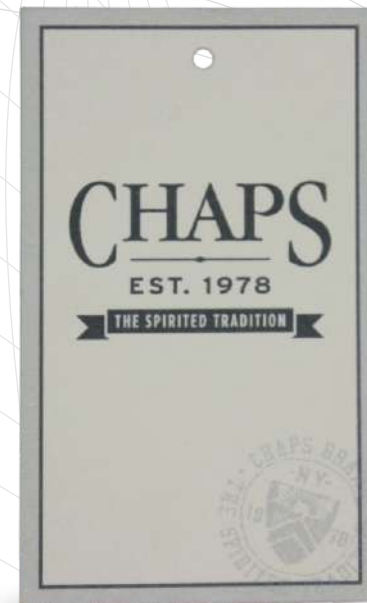

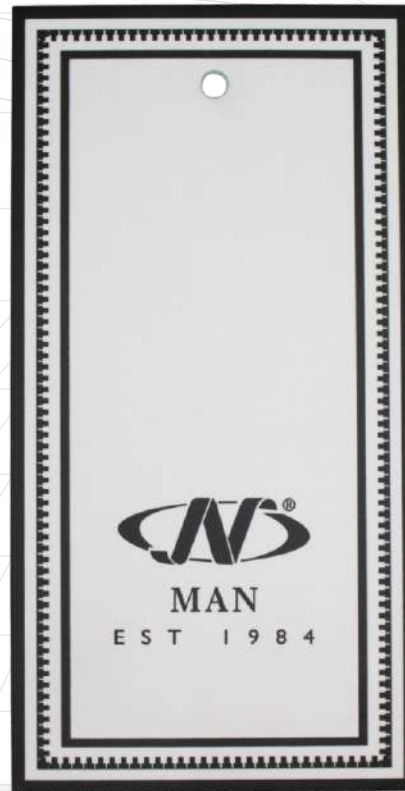

Elevate your products into curated experiences with Kohinoor's exceptional hangtags, crafted with unmatched precision and a commitment to sustainability. Our hangtags go beyond functionality, serving as captivating visual narratives that embody your brand's essence and values, including eco-conscious practices.

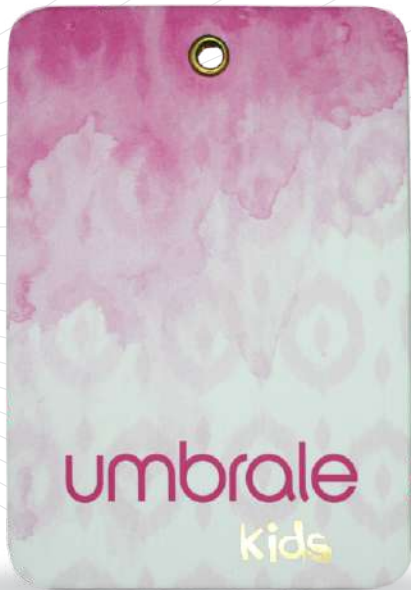

Discover a wide array of **shapes, sizes, materials, and finishes**, tailored to reflect your brand's unique identity. Whether you opt for **recycled paper, FSC-certified options, or luxurious textured finishes**, Kohinoor ensures that every hangtag tells your story with elegance and impact.

With Kohinoor, hangtags transcend their functional role to become sustainable, artistic representations of your brand, crafting a memorable and immersive experience that lingers with your customers well beyond their purchase.

Printed Labels

Discover Kohinoor's cutting-edge printed labels, where sustainability meets exceptional craftsmanship. Each label is designed to showcase vibrant colours and intricate details, crafted with eco-friendly and sustainable materials to align with your brand's commitment to responsible practices.

Our range includes materials such as Satin, Cotton, Polyester, and Taffeta, with **Organic** and **Recycled** options, all meticulously prepared in-house to ensure superior quality and durability. From bold, vivid hues to delicate gradients, our labels offer endless possibilities for capturing your brand's unique identity while prioritising environmental consciousness.

With Kohinoor, printed labels transcend mere functionality to become distinctive, sustainable extensions of your brand—crafted to leave a lasting impression. Experience the perfect fusion of innovation, artistry, and eco-responsibility with every label we create.

Elevated Packaging

Precision, Luxury & Sustainability

Transform your product's first impression with our bespoke packaging solutions. We specialize in turning complex brand visions into tangible realities through three core formats:

- **Rigid Boxes:** The gold standard for luxury. Engineered for durability and a premium unboxing experience, perfect for high-end electronics, jewelry, and gifting.
- **Monocartons:** Precision-crafted folding cartons that balance structural integrity with retail impact, ideal for cosmetics, FMCG, and pharmaceuticals.
- **Carry Bags:** Stylish, high-strength retail bags that extend your brand's reach, available with custom handles ranging from grosgrain ribbons to reinforced cotton cords.

Materializing Your Vision

We offer limitless customization to ensure your concept is fully materialized. From intricate die-cuts and 3D structural designs to exquisite finishes like hot foil stamping, spot UV, and soft-touch lamination, we bridge the gap between imagination and shelf-ready products.

Commitment to the Earth

Sustainability is at our core. All our products are available with FSC® Certified materials, ensuring your packaging is as responsible as it is beautiful.
